

**Job vacancy for The BioArte COVID lab:
CASUAL PART TIME MEDICAL LABORATORY SCIENTISTS**

Hours of work: 0-20 hours per week as needed and according to availabilities provided beforehand by the employee.

Qualifications: B.Sc. (Hons.) Applied Biomedical Sciences with CPCM certification

Experience: Working in a medical laboratory and handling patient specimens (2 years +); accurate pipetting skills; BSL2; PCR

Main duties:

1. Carrying out diagnostic medical tests according to the established standard operating procedures (SOPs), also including procedures on biohazard specimens. Such procedures will mostly involve nucleic acid extraction, PCR assays and other molecular biology techniques. The main diagnostic test is currently COVID-19 identification.
2. Following SOPs for preventive maintenance and calibration of laboratory equipment and facilities.
3. Following the data management policy of the company, including patient reports and routine documentation processes.
